

LOVOL Perkins SERIES DIESEL GENERATING SET

LOVOL is a Premium quality generator set of FMW. It is known as LOVOL PARKINS in CHINA. LOVOL engine follows the same technology of PARKINS U.K. in its manufacturing policy. So, the performance of this engine is as like the European one. Stamford Type alternator and the Deep See controlling system makes the LOVOL generating set a good competitor in European market. FMW offers LOVOL Open and LOVOL Canopy both type of generating set as the customer demand. In case of canopy type set, LOVOL maintain the minimum level of sound. So, LOVOL is highly accepted to the sophisticated places and residential areas.

SPECIFICATION

Gen set Type	GFP24	GFP32	GFP40	GFP64	GFP80	GFP100	GFP120
Eng. Model	1003G	1003TG	1003TG2	1004TG2	1006TG2	1006TAG	1006TAG2
Output (kW)	33	41	44	72	84	110	135
Fuel Consumption Lt/hr @ 100%	4	5	6	9.5	12	14	16.5
Speed (R/min)	1500/1800						
Cooling Method	Closed Water Cooled						
Starting Method	Electric Starting						
Alt. Model	PI144F	PI144J	UCI224P	UCI224F	UCI274C	UCI274D	UCI274E
Output/kW(kVA)	24/30	32/40	40/50	64/80	80/100	100/125	120/150
Rated Current(A)	43.2	57.6	72	115.2	144	180	216
Net Wight (Aprx.) (Open/Silent) / kg	750 850	840 980	900 1100	1050 1300	1130 1450	1250 1550	1350 1680
Length(cm) (Open/Silent)	190 200	205 250	215 290	235 305	245 320	265 350	280 350
Width(cm) (Open/Silent)	70 90	70 105	82 105	115 150	120 160	125 160	130 170
Height(cm) (Open/Silent)	112 120	120 130	125 140	150 180	155 190	165 205	180 230

***All the output capacity rated as Standby at 100%
For long run it should be rated as Prime at 90%
